

Harmar Pool Lifts quickly and easily meet ADA accessibility requirements with commercial-grade quality that enhances any aquatic setting. Their smooth, durable finish, whisper-quiet operation and comfortable designer seating ensure that mobility-impaired swimmers gain safe access to pools and spas.

Features & Benefits

- Capacities up to 400 lbs.
- Blends with outdoor furniture; custom color options available.
- Rust-resistant stainless steel and aluminum construction
- Smooth, whisper-quiet drive system
- 24V battery pack runs 40+ load cycles on one charge; removes for storage
- Reserve power lifts out of water even if battery goes flat.
- Easy, water-resistant hand control
- Convenient wall-mounted charger
- Folding arms, foot rest and seat belt
- Mounting hardware (lift-specific)
- Public 'lift notice' sign
