

keeping both hands on the wheel

Spinmaster Spinner knob

Available in your choice of **three colors:**

Black-A600

Grey-A602

Wood Grain-A601

Our redesigned **clamshell** base now more easily accommodates today's thicker steering wheels.

Unlike other spinner knobs on the market, the original clamshell design will leave **no permanent damage to your steering wheel.**

Spin Master adds a **quick-release** function, remove and refit at the touch of a button.

Additional User Benefits

-  **Spin Master** is snugly fitted with two quality free-running ball racers
-  With it's super clamping jaws, the spinner knob should not move once fitted
-  Due to its unique clamshell design, **Spin Master** provides a 3" clamping surface
-  Components are made from the same material used by mining companies for heavy duty applications
-  **Spin Master** offers special leather grain etching to the knob section allowing it to match vehicle interiors
-  **Unique branding:** buy 12 Spinner Knobs and have your company's logo included!!
